Parking Overview

The university maintains various parking facilities to meet the needs of faculty, staff, students, and visitors. These include parking lots and decks, metered parking spaces, valet parking, access-controlled lots and restricted lots.

Areas of Jurisdiction

The information contained within applies to all university properties, lots, and roadways. The city streets and city meters are not Rutgers property and their restrictions and regulations apply in these locations.

II. GENERAL RULES AND REGULATIONS

Parking on Rutgers University property is by permit only on university business, at all times. Parking rules and regulations are in effect 24 hours every day, seven days a week, 365 days a year. Violators are subject to ticketing and/or towing at owner's expense, forfeiture of all fees paid, revocation of parking privileges and/or judicial action.

a. Registration

Registration and display of a valid Rutgers provided parking permit is required at all times for all vehicles parked within the jurisdictional areas of Rutgers University. Faculty, staff, and students must register any vehicle they intend to bring on campus.

b. Vehicle Registration

Vehicle registration with DOTs is a personal obligation. Vehicles are to be registered for an individual's personal use only. Registering a vehicle for another person's use through false information constitutes fraud. One student cannot register another student's vehicle, in addition one faculty/staff cannot register another student's or faculty/staff vehicle. There is no refund for a permit obtained fraudulently.

c. Parking on University Property

Parking on university property is permitted for university business only. The purchase of a parking permit provides the privilege of parking on campus. Availability of parking stalls is not guaranteed with a parking permit. Non-availability of space in specific stalls or lots does not excuse illegal or improper parking. Legal alternatives should be sought in other lots. Other illegally

parked, non-ticketed vehicles do not excuse illegal parking and do not indicate that parking rules are not in effect.

d. Marked Stalls

Parking on Rutgers property is allowed only in marked stalls (between two painted lines) with a valid Rutgers provided parking permit. Marked stalls are provided in all lots. All vehicles must be parked entirely within a marked stall. Absence of stall marking indicates “no parking”.

e. Responsibility For University Parking Violations

The person who has registered the vehicle with Rutgers University, regardless of the driver or owner of the vehicle, assumes responsibility for all outstanding university parking violations issued to a vehicle. Violations on a vehicle not registered with Rutgers University DOTs will be investigated through state motor vehicle agencies. Any vehicle that is found to be registered to a relative of a current or previous permit holder will become the responsibility of that permit holder, unless the registered owner takes responsibility for the parking violations by making payment in full. When no current or previous permit holder is found, the registered owner of the vehicle as reported from the state motor vehicle agencies will become responsible for the vehicle.

f. Uncovering Vehicles

Security officers have the right to uncover vehicles (i.e., motorcycle covers) to determine whether they are registered with DOTs and are displaying a valid parking permit.

g. State Registration Laws

State registration laws must be abided by while parked on university property. Permits are issued for registered vehicles only. Use of a permit on an unregistered vehicle, or a vehicle registered solely to another person, is invalid. Rutgers University Police Department (RUPD) will tow vehicles without valid state license plates or inspection stickers.

h. Vehicles With Unpaid Tickets

Vehicles with unpaid tickets are subject to towing without notice at the owner’s expense. Parking privileges may also be revoked. Unpaid parking tickets will result in denial of the right to register a vehicle to park on campus; for students, a hold may be placed on records including transcripts, diplomas and/ or academic registration. Unpaid tickets will eventually be sent to a collection agency to ensure payment.

i. Restricted Parking

No parking is permitted from 2:00 am to 6:00 am in some areas. Please check the RUDOTS website for complete regulations since there are areas that are 24 hour parking.

j. Signs and Markings

Signs and markings are provided in the interest of parking control and life safety and must be obeyed. Removal or damage of such signs or markings is illegal. Perpetrators are subject to arrest and prosecution.

k. Restrictions in Gated Lots

Restrictions in gated lots are in effect at the times indicated on our website, even when gate arms are in the “up” position.

l. Change in Status

Change in status (i.e., from resident to commuter or from student to staff or faculty) must be reported to the DOTs office immediately. A review will be made to determine the need for change of parking assignment. If a change in parking assignment requires additional fees to be paid, those fees are the responsibility of the customer to resolve prior to issuance of a new permit.

m. Disabled Vehicles

Disabled vehicles must be reported to the university police. Disabled vehicles should not obstruct traffic flow or endanger safety. The vehicle must be removed as soon as possible, no longer than 24 hours after the vehicle became disabled. Permission may be obtained from RUPD to leave the vehicle for longer periods, but that permission must be renewed every 24 hours. Disabled vehicles not reported or re-reported will be towed.

n. Storage of Vehicles or Trailers

Registered or unregistered trailers (storage containers), vehicles or vehicles involved in motor vehicle accidents causing the vehicle to be inoperable shall not be stored on university property. All will be removed from university property at the owner’s expense.

o. Park and Ride

University property shall not be used for commuting by public transportation for non-university business (Park and Ride). Violators will be ticketed and / or towed from university property.

p. Parking Permits

Parking permits remains the property of Rutgers. If altered or duplicated, the permit will be retrieved from the vehicle by the RUPD.

q. Use of Counterfeit or Altered Permits

Use of counterfeit or altered permits is prohibited. Vehicles displaying counterfeit or altered permits will be subject to ticketing and towing at owners expense. If a permit is counterfeit or altered it will be retrieved from the vehicle by the RUPD.

r. Metered Stall

Metered stalls are provided for the convenience of visitors to the university. Meters are in effect 24 hours a day.

s. Temporary Closure of Parking Areas and Roadways

The temporary closure of a parking area is a right the university reserves for reasons of a large event, repair or safety. Vehicles found parked in areas that have been closed by barricades, signs, or notifications are subject to towing at the owner's expense.

t. Snow Removal Operations

Snow removal operations are announced via campus media, emails, signs, on our website and social media during snow accumulation conditions. Instructions regarding time and alternate locations to which vehicles are to be moved should be followed. Vehicle operators refusing to move their vehicles may be ticketed and towed at the owner's expense. Digging out of vehicles is the responsibility of the owner of the vehicle.

u. Notes of Explanation

Notes of explanation left on vehicles to excuse illegal parking are not honored.

v. Parking in Handicapped Stalls

Parking in handicapped stalls requires registration with DOTs and the display of proper identification from a state motor vehicles service and DOTs at all times. Striped aisles adjacent to the parking stall are part of the stall and carry

the same penalty for misuse. Vehicles illegally parked in handicapped stalls will be subject to ticketing and towing and at the owner's expense.

w. Parking in Loading Zones

Parking in loading zones is prohibited. Loading/unloading approvals must be obtained by DOTs prior to using a loading zone. Active loading/unloading must be performed with the vehicle leaving soon thereafter.

III. ENFORCEMENT

Parking regulations are enforced **24 hours, seven days a week**. Enforcement in problem areas is especially rigorous. Ticket payments are due upon receipt.

The hearing officer is empowered to reduce, adjust, remove, or uphold any penalties/ fines associated with each ticket. The hearing officer's decision is binding. An appeal may be resubmitted, but will only be considered if new evidence is provided which may serve to alter or reverse the original decision. Student holds will be released temporarily from appealed citations pending the appeal officer's decision. If a decision is made to deny an appeal or reduce the original citation the hold will be reinstated.

Tow companies are expected to treat everyone professionally and courteously. All claims for damage must be made to the tow company directly.
